

MEETING THE LEGISLATIVE REQUIREMENTS WHILE ADVANCING YOUR ASSET MANAGEMENT PLANNING PROGRAM

ABOUT US

Hemson was incorporated in 1983 and specializes in public policy advice in the areas of municipal finance, development planning, demographic and economic forecasting, and real estate valuations.

Hemson has undertaken several asset management planning projects in Ontario and has dealt with the full range of municipal services in many different situations. The firm is highly regarded by both its municipal clients and public sector partners for its analytical and planning-focused approach to asset management.

DISCUSSION TOPICS:

- Understanding the Asset Management Legislation (*O.Reg 588/17*)
- Determining Current Levels of Service for both Core and Non-Core Assets
- Establishing Full Asset Lifecycle Costs and integrating with your budget
- Developing appropriate Long-term Financing Strategies
- Coordinating strategic municipal initiatives into the Asset Management Plan
